In response to questions from Area I at the last meeting regarding BMV upgrades, the Chairman stated that BMV is upgrading, but it will take up to thirty-six (36) months to be completed.

Ms. Goldstein asked about the Bulletin Board on the new system and is it operational now. It should be up and working now.

There was a question to Mike Dearinger regarding operator expirations. He stated it is available when the operator is logging in.

Area II Cindy Snyder – Area II has not held a meeting yet.

Ms. Snyder had a few issues to discuss from agency inquiries in her Area. One was regarding Weather Statements, some areas not receiving them. Questions about the Master Query and if it was fixed. It was answered “yes” it was fixed. Also, was the moratorium over to add agencies to the system? The Chairman answered that new agencies can be added again.

Area III Gerald Gagne – Their Area meeting was held on May 13th at the Bloomfield Sheriff’s Department with twenty-nine (29) attendees. Major Meek, Sgt. John Richards and IDACS Trainer, Troy Scott attended the meeting and answered questions from those attending.

The Fall meeting will probably be held sometime in late September.

Area V David Mollenkopf – May 28th they held their meeting at Indianapolis District #52. They held their election and Mr. Mollenkopf was elected to continue as the Area Representative.

OTHER NEW BUSINESS

Major Fred Pryor gave some information about a new law. The FSSA wanted authority to access criminal history information through IDACS by a new law that takes affect on July 1, 2004, for placing children in foster care, in placement situations. The FBI does not recognize the Child Welfare Criminal Justice Agency to permit access, because they do not recognize an Indiana statue, as it is in conflict with a federal law. For this reason, they will not give access to federal information through IDACS.

Chairman Meek said he plans on attending most of the Area meetings. He would appreciate if everyone would try to coordinate meeting dates, so they won’t be same day.

The Chairman said he wanted to compliment all of the IT staff for all the hard work they did, all the help they gave to the agencies with problems or trying to get agencies on-line, working with the vendors, etc. It has been a group effort to get the new system up and running and now completed, for all the agencies

The Chairman announced the IDACS Committee meetings would begin at 10:00 a.m. instead of 10:30 a.m.

Mr. Carter asked if the meetings would be on the second Tuesday of the month now, also. The Chairman stated, they would be on the first Tuesday as usual, most of the time, unless notified otherwise. A couple of the meetings had been changed lately because of travel to other meetings for the Chairman.

Major Pryor addressed a uniform drivers license across the country that the CJIS Working Group is discussing.

Troy Scott announced NCIC Manuals and NCIC Code Manuals were available to pick up after the meeting and take back to their agencies.
